

Over the past 65 years, has supplied the highest quality products and expert installation services to commercial builders throughout the Midwest. We are a leading distributor and installer of customized architectural products for the exterior and interior of buildings. From the initial idea to the final details, we have the resources to successfully execute projects of any size.

Our employees have an intricate knowledge of how the products work and the best way to install them, which gives them the unique expertise our customers desire. We work closely with owners, architects and contractors to ensure that products look stunning from concept to completion.

Have something else in mind you don't see here?

Sometimes your job calls for a unique solution. We can provide an assortment of miscellaneous products for the completion of your project. Let us know, and we can make it happen.

Sustainability is not just a buzzword

at SGH. It is integral to our mission.

Our goal is to help our clients score higher on their buildings' LEED Certification (Leadership in Energy and Environmental Design). This important third-party verification certifies the project is an environmentally responsible, profitable and healthy place to live and work. All of the products SGH offers can help contribute to LEED Certification.

SGH is centrally located in six cities serving 10 states.

SGH provides many essential services for your project, including:

- Design Assistance
- Shop Drawings
- Detailing Assistance
- Project Management
- Preliminary Budgets
- Installation
- Project Estimates
- Service/Maintenance
