

Since 1954, Tri-Jack has delivered innovative architectural product ideas to Montana and Wyoming. Because of our solid history, a proven commitment to providing architects and general contractors only the highest quality solutions, and the combination of our respective core values, SGH, Inc. acquired Tri-Jack in 2015.

Over the past 65 years, SGH, Inc. has supplied the highest quality products and expert installation services to commercial builders throughout the Midwest. Together, Tri-Jack and SGH, Inc. are a leading distributor and installer of customized architectural products for the exterior and interior of buildings. From the initial idea to the final details, we have the resources to execute projects of any size successfully.

Our employees have an intricate knowledge of how the products perform and the best way to install them, which gives our staff the unique expertise our customers desire. We collaborate with owners, architects, and contractors to ensure that products look stunning from concept to completion.
